

**NETWORK
SOLUTIONS**
Education & Commercial

FOR A LIMITED TIME ONLY
A Completely FREE
IT Consultancy Service

This service could be used for any of the following:

- Full IT Systems and Network Health Check
- IT Business Planning
- Investigation and Resolution of Outstanding Problems
- Review of Backup Solutions, Data security and IT Disaster Recovery Policies.

A Senior consultant from EAC will spend up to one full day on site at your premises to work on the IT issues most important to you. We will then produce and supply a report to meet the desired outcomes from the day, again completely free of charge.

Where's the catch?... There is no catch!

If you like the quality of work we deliver for free, we hope you will give us the opportunity to quote for any upcoming IT related projects or supplies that you may need. And based on our core principals of delivering high levels of quality and services at the most cost effective prices we can hopefully develop a mutually beneficial long standing working relationship with your organisation.
